Telephone Support Line

Open to education staff and parents/carers
Tuesdays, Wednesdays and Thursdays: 9.30am - 11.00am

Hampshire and Isle of Wight Educational Psychology (HIEP) are continuing to run a Telephone Support Line to help education staff and parents/carers during the current COVID-19 pandemic. The support line will be:

- confidential
- provided by educational psychologists
- for parents and carers of children and young people
- for staff in all settings
- for any queries related to the emotional wellbeing of children/young people and their families

What to expect

When you call, a member of our friendly support team will take your details and then ask an educational psychologist to call you back.

Our psychologists are there to listen and to support with the issues that might be concerning you regarding the emotional wellbeing of a child or young person. Some people call us knowing what issues they need help with, whilst other people find it helpful to just talk through what is happening for a child or young person.
