Contacting the school

To report your child's absence, please email or ring the school office by 9am, every day that your child is absent.

Please contact the office via email or leave a message on the answerphone to report your child absent and to notify us of pick up arrangements, please do not dojo the class as the teachers aren't always able to action these messages during the day.

Under 11 Girls Football match

Tuesday 19th March 2019

The girl's football match was played at Brighstone against us. They played very well but we played just a bit better than them! Erin scored one goal and then Brighstone scored an own goal. The final score was 2 for Shalfleet and 1 for Brighstone. It was a really good game very close but we just got through to the finals!

Well done everyone

Southampton University Report

On Saturday 16th March,

Three year sixes three year fives and two year fours went to Southampton University for a science festival. We looked at different workshops and made a few things along the way, some of workshops involved how to make your own periscope, the human body (where a lot of us made snot slime) and a science magic show, that was absolutely hilarious. There was a machine with a dead man named Carl who had donated his body to science and you could tap on part of and it would tell you what it was and then remove a layer of skin.

In one part we got a caterpillar and we would stick leaves blossoms and someone even stuck a peace of hair on to it, and you could put it under a periscope and you zoom in and have a closer look. There was also a part called science wonder where they made lots of different projects like they made electricity out of just a can, some water, a key and salt which was very cool. The festival was amazing and I learnt so much thank you Southampton University, Mrs Blackley and Mrs Smith for an amazing day.
