

UZIMA CHRISTMAS FOOTBALL BOOT APPEAL

Dear parents - if you are buying new boots for Christmas please could we ask for your old ones (good quality, trainer type not studs) for the children at Uzima? Many of you already support, or have heard about Uzima in Our Hands, an Island based charity which supports 316 children at the Uzima Day Care & Orphan Centre, in a very poor area of Western Kenya. The children are either orphaned through AIDS or very vulnerable. Here's a pic of the footy team in action, wearing donated football shirts from the Island, taken when we visited earlier this year. The girls and boys are fantastic at football and you can see they pretty much play barefoot! If they had boots, they can compete in regional competitions and do even better.

If you'd like to support the charity by providing boots please contact Louise (details below). Or if you could donate a Christmas gift to our vocational classroom appeal we would be hugely grateful, as you know education changes lives and these classrooms will provide carpentry, sewing and building skills to the older children at the centre who will gain skills to work their way out of poverty. If you'd like any further info please also contact Louise.

Thank you and Mungu Akubariki (Swahili for God Bless you!).
