

Randonnee

1st May 2022

The Randonnee is a yearly cycling event following a route around the Island (please see the map below). The word Randonnee actually means 'a long bike ride, usually over 100 miles!' This event is very popular, in the past attracting over 3000 cyclists from all over the country! This year, due to COVID, the event has been restricted to 2500 keen cyclist and all the places have already been allocated.

For many years, Yarmouth CE Primary have been asked to act as a checkpoint for the participants, providing refreshments for the cyclists. Each year this has raised thousands of pounds for our school, so it is a big fund raising event. Money raised from this allows us to provide the 'extras' for our children to enjoy. This year, we would like the money raised to go towards brand new play equipment for our new school. Don't worry, after the event, we will be asking you all for your ideas so get thinking!

In order for our checkpoint to run efficiently and successfully, we need your help! We really need lots of volunteers to help on the day. If you are able to offer to make cakes, help on the day or to help clear away, please do email the PTFA on ptfa@yarmouthceprimary.co.uk
