DAISIE RICH TRUST

Back in March, Year Two at Yarmouth had the opportunity to work with The New Carnival Company, Schools Heritage and Dimbola Lodge Museum too!

We prepared for our visit to the Freshwater home of Julia Margaret Cameron by learning about her Victorian life and works and by immersing ourselves in the sights, sounds and smells of India. The museum trip was so exciting and we got to make photograms in the darkroom and Estelle taught us about Julia's home and who would have lived and worked in their house.

Hannah and Katy from The New Carnival Company came to school to teach us how to make special drums, create a 'pandal' statue and to perform a celebratory dance – we already knew about the Hindu festival of Durga Puja and our clay and rangoli pandal is spectacular!

Chris and Frankie from The New Carnival Company came to see our final dance performance and they had wonderful things to say about all the creativity and hard work the children put into it.
