

# Outdoor Learning – 28<sup>th</sup> November 2022

## Tree ID and Leaf Craft #2

*Well a bit of sunshine meant we could get our tarpaulins out to dry and have a bit of happy time in in our gardens.*

*We had fun in the mud kitchen too...*

*...and built some epic marble runs!*

*Underneath the logs there are some awesome worms and we love hunting for them – look at these whoppers!*

*Our tree ID skills are improving all the time – oak and hazel are easy to recognize.*

*Mrs Munn helped us set up some games of tic tac toe in Yarmouth...*

*...and Miss Sampson helped Beach Class make a wreath.*

*Sometimes nature leaves us beautiful things to look and wonder at. Whatever you think of spiders, a dew bejeweled web is a wondrous sight!*
