

Book websites and app recommendations

Mrs Grainger recommends...

This half term we are recommending a website called World of Books which is a great place to buy books used but great quality. It is a sustainable way to read too. There are often further offers on the website such as three for two!

Owl Babies by Martin Waddell
Recommended by Mrs Hedley

A real favourite of Mrs Hedley's and the Reception team of staff. These owl babies are so cute. Through its characters it reassures children that mummy will return and that together they can work as a team

Recommended by Mrs Chick

A series which contains lots of mini adventures, so one to be shared and enjoyed with your family. Snuggle down with a hot chocolate and your blanket and listen to the magic unfolds—you'll be surprised and will love it!
