

Outdoor Learning Autumn 7 2023

Strike a Light!

We're hoping to have a campfire so we have been learning how to get one going. It's harder than it looks to make a spark with a fire strike, but we gave it our best shot, even when the weather got wet!

We had to make sure we kept everyone and everything safe - we didn't want to accidentally set our garden alight! Fortunately, Miss Gates had all the fire safety precautions at hand, so we were able to take that risk.

Some of us were a bit nervous at first, but once we had mastered the technique, we wanted to keep on striking. We're hoping the weather will not be too wet and windy to have a campfire next week 🙌.

We love to build things from the bits and bobs in the garden. These are some of the highlights from our imaginations this week...
