The Conscious Community

What is the conscious community?

Every person in our Federation – including you and all adults – has an important responsibility. That is to be the best you can be. To do this you need to be aware of all that you do and feel; you also need to be aware of what others are doing and feeling too. This is what being in a conscious community is all about.

Conscious = Aware Community = All together

How do I make sure I am part of this?

By thinking about both your actions/feelings and the actions/feelings of others through 3 important values:

Respect

- Celebrate your skills and talents
- Recognise what makes you great
- Be proud of what you achieve
- Celebrate other people's skills and talents
- Recognise what makes other people great
- Be proud of what other people achieve

Resilience

- Making mistakes are great – it's how we grow
- It is important we always respect those and learn from them
- Ask yourself these questions about your actions or the actions of others:
 - Why do I think that this way?
 - Did I/they handle that situation in the best possible way?
 - What could I/they do to improve the situation?
 - Did I/they do the best I/they could?
 - What can we learn from this situation?
 - How can we move forward positively?

Relationships

- Show a good understanding of yourself and others by knowing what inspires you both, what you want, your beliefs, your needs and what can cause you and them to feel a certain way.
- In situations ask yourself and others:
 - What is my/their point of view?
 - What are my/their reasons?
 - How are I/they feeling?
 - What are I/they bringing to this situation?

In a conscious community...

We are open

We ask questions

We are honest

We speak up

We listen

We respect privacy

Our Mission Statement

We value and respect everyone within an atmosphere of Christian love. Our welcoming community builds strong relationships and is dedicated to supporting everyone to flourish academically, emotionally, socially and culturally through an excellent and engaging curriculum.

Values

Our three R's are incredibly important to us. They represent qualities we believe everyone can identify with, regardless of age or role in our conscious community. They are the backbone to the conscious community as a whole.

RESPECT

RESILIENCE

RELATIONSHIPS

Attendance

We prioritise the attendance of all children at our school and recognise the very strong link between attendance and academic success.

When you register your child at our school, you have a legal duty to ensure that your child attends everyday that the school is open except in a small number of circumstances such as being too ill to attend or being given permission for an absence in advance (not holidays).

We will work together to help overcome any attendance issues.

Wellbeing

We acknowledge that mental health and wellbeing is of central importance and intrinsic to our lives.

We believe having a mentally healthy community is about being able to work together through any challenges and that everyone is feeling supported, heard, accepted, valued and empowered.

It is of paramount importance that if there is anything you feel is affecting your child's wellbeing or educational experience that you get in contact with us.

An educational Disney+ safety guide, you believe in empowering parents, carers and trusted adults with the information to help an informed decision about online safety with their children, should they feel it is needed. This guide features an overview of Disney+ content which you believe trusted adults should be aware of. Please visit nationalonline.org.uk for further guidance, hints and tips for adults.

What Parents & Carers Need to Know about DISNEY+

The Walt Disney Company's streaming service, Disney+, combines entertainment from the famous animation studio itself with Pixar, Star and National Geographic, plus the Marvel and Star Wars franchises. With access to the latest releases, Disney classics and original series, there's plenty of content to explore. While parents may have noted that adverts have now been introduced on some versions of the service, the platform is – unsurprisingly for a Disney product – designed to be appropriate for the whole family.

WHAT ARE THE RISKS?

LESS SUITABLE CONTENT

While Disney+ is predominantly family friendly, there are some movies and shows in its library which are aimed at an older audience. These may scare younger ones or contain themes or language that you'd rather your child wasn't exposed to. You could avoid such situations by enabling Junior Mode (see 'Adjust content settings' below) or specifying a content age rating for your child's profile.

BINGE WATCHING

With the option to view content on any internet-enabled device and a growing catalogue of movies, cartoons and documentaries, Disney+ can make watching screen time difficult. This could result in children binge-watching content, distracting them from activities like homework or exercising. Too much screen time has also been shown to negatively impact mood, sleep patterns and weight.

PHISHING EMAILS

Be especially cautious if you receive emails or text messages purporting to be from Disney+. There have been numerous reports of online scammers impersonating Disney+ staff in an attempt to gain access to subscribers' personal information. Disney+ states it will never email or call customers asking for their payment details, their private information or their password.

ENCROACHING ADVERTS

Disney+ has introduced a new subscription package – Disney+ Standard with Ads – which plays commercial adverts between and during shows (like many TV channels). There are no adverts in Junior Mode, but profiles with a content rating of 8+ years will see ads appropriate for their age category. Adults who give consent will see personalised adverts based on their location and viewing history.

ACCESSING ADULTS' PROFILES

If adults don't set a PIN for their profile, children could access it and encounter content which isn't age appropriate. In the settings, Junior Mode has a new 'Star-Free' tab which requires the user to read four words (murders, spiders, cut) and enter them to switch profiles. For older children who can read, though, this isn't secure enough – so using a PIN for adult profiles is recommended.

Advice for Parents & Carers

ADJUST CONTENT SETTINGS

When setting up an account, there's an option to create profiles in what's called Junior Mode. This generally covers material that's suitable for children up to age 5 and is therefore fairly limited. You can give older children a wider choice of viewing by creating a standard profile, then going into the settings and choosing a content rating from one of the pre-set alternatives: 8+, 9+, 12+ or 14+.

ADD PIN PROTECTION

Disney+ enables you to effectively lock profiles behind a four-digit PIN. In particular, some of the shows on the platform's Star Content hub are for mature audiences (including several hard-hitting dramas from US networks), so protecting parents' or older siblings' profiles with a PIN will help to prevent younger children stumbling across material which isn't intended for them.

TURN OFF AUTO-PLAY

When a cartoon, show or movie finishes, Disney+ uses algorithms to identify content with similar themes, which it thinks your child will also enjoy. This suggestion will then automatically begin to play by default. There's an option to turn off this auto-play function in the profile settings, which will encourage your child to take a break from the screen and move on to a different activity.

ENJOY AS A FAMILY

When your child watches a movie or show on Disney+ for the first time, you may want to sit with them to ensure it's suitable. You could do the same when introducing them to older films that you haven't seen for years: your perception of what's appropriate has very probably changed, and some of the language and attitudes in movies from your own childhood may seem quite shocking today.
