1.1 We believe this policy should be a working document that is fit for purpose, represents the school ethos, enables consistency and quality across the school and is related to the following legislation:

- Education Act 1996
- Children Act 2004
- Education (pupil Registration) England Regulations 2006
- Safeguarding Vulnerable Groups Act 2006
- Data Protection Act 2018
- Equality Act 2010
- Education Act 2011
- Children and Families Act 2014
- Special Educational Needs and Disability (Detained Persons) Regulations 2015

The following documentation is also related to this policy:

- Ensuring a good education for children who cannot attend school because of health needs: Statutory guidance for local authorities (2013)
- Equality Act 2010: Advice for Schools (DfE)
- Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges (DfE)

1.2 We are aware that 'Governing bodies and proprietors should ensure there are appropriate policies and procedures in place in order for appropriate action to be taken in a timely manner to safeguard and promote children's welfare.' (Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges)

1.3 We believe that 'every child should have the best possible start in life through a high quality education, which allows them to achieve their potential. A child who has health needs should have the same opportunities as their peer group, including a broad and balanced curriculum. As far as possible, children with health needs and who are unable to attend school should receive the same range and quality of education as they would have experienced at their home school.'

1.4 We are aware that 'local authorities are responsible for arranging suitable full-time education for children who, because of illness or other reasons, would not receive suitable education without such provision. This means that where a child cannot attend school because of health problems, and would not otherwise receive a suitable full-time education, the Local Authority is responsible for arranging provision.' (Ensuring a good education for children who cannot attend school because of health needs: Statutory guidance for local authorities (2013))

1.5 We believe that children unable to attend school because of health needs should be able to access suitable flexible education appropriate to their needs. Children who are unable to attend school as a result of their medical needs will include those with:

- Physical health issues
- Physical injuries
- Mental health problems, including anxiety issues
- Emotional difficulties/school refusal
- Progressive conditions

- Terminal illness
- Chronic illnesses

1.6 We have a duty to support the education of children with health needs and the sharing of information between schools, health services and Local Authorities.

1.7 We wish to work closely with the Junior Leadership Team and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

1.8 We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

1.9 We all have a responsibility to ensure equality permeates in to all aspects of school life and that everyone is treated equally irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. We want everyone connected with this school to feel safe, secure, valued and of equal worth.

1.10 We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.

for both pupils and school personnel, training for school personnel and with working with parents. We teach all our children about safeguarding.

We work hard to ensure that everyone keeps careful watch throughout the school and in everything we do for possible dangers or difficulties. We want all children to feel safe at all times. We want to hear their views of how we can improve all aspects of safeguarding and from the evidence gained we put into place all necessary improvements.
