

Neurodiversity & Executive Function: Making Sense of Behaviour

Free session for parents

Parenting can feel tough, especially when big reactions or everyday tasks feel overwhelming. This session helps you understand why these moments happen and what's really going on in the brain.

What you'll learn:

Understand what neurodiversity is (and what it isn't)

Explain what Executive Functions are in plain English

Understand how Neurodiversity and Executive Function are linked

Learn the definitions of each Executive Function and what they include

Join this free session to feel more confident and informed.
